## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/24/2009 has been entered.

### ***Allowable Subject Matter***

2. Claims 1-10 and 15-22 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The Applicant's remarks filed on 03/24/2009 were carefully reviewed. As the results, the amended independent claims 1 and 16, and their dependent claims are allowed as set forth in the third (3rd) paragraph, page 7 and the third paragraph, page 10 in the Applicant's remark, respectively. Those paragraphs are repeated as followings:

***"Accordingly, neither Faulkner nor Posthuma '566, alone or combination, teaches or discloses at least the feature of "performing an impairment line testing on said telephone line from said measurement device toward said subscriber while the first terminal is connected to said both wires of the twisted wire pair and the second terminal is connected to the common reference by transmitting a signal and receiving a reflected signal via the first terminal along the telephone line", as recited by amended claim 1."***

Art Unit: 2614

*"...Applicant respectfully assert that the combination of Faulkner and Posthuma '694 does not teach or suggest, at least, "a configuration unit coupled to said line selector unit and to said line status detector .... wherein said apparatus is to perform said impairment line testing on said active telephone line from said measurement device toward a subscriber of said active telephone line while the first terminal is connected to said both wires of the twisted wire pair of said active telephone line and the second terminal is connected to the common reference by transmitting a signal and receiving a reflected signal via the first terminal along the telephone line", as recited by amended claim 16."*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
